

“American Originals Benefit Concert”

Celebrating music born in America

Do you love music and want it to thrive in the greater Cincinnati area? Do you believe in educating our children in the arts? Do you want to support local artists?

If so, you will want to support with our mission to hold a benefit concert featuring many of our own outstanding local musicians. This event will help to grow our community’s appreciation for all original American forms of music. To be held this fall, the first annual “American Originals Benefit Concert” will be a fabulous musical experience and an extraordinary entertainment value.

The concert was founded by The Southern Gateway Chorus (www.southerngateway.org) and Play-It-Forward (www.pifcincy.org). The concert benefits two worthy Cincinnati causes: Play-It-Forward, which aids local musicians with catastrophic personal needs, and the Greater Cincinnati Harmony Festival (www.harmonyfestival.org), a four-day chorus camp for high school students.

Master of Ceremonies Gary Burbank, Cincinnati radio icon and Founder of Play-It-Forward.

This year’s concert will feature the following artists:

Jazz by The Phil DeGree Trio

Blues by The Sonny Moorman Group

Bluegrass by Katie Laur

Cajun/Zydeco by Lagniappe

Barbershop by The Southern Gateway Chorus

We invite your business, organization, or family to join us a sponsor.
